STRETCH - Your Planting Season !!!

USE THESE SPECIALLY PREPARED

potted perennials

Last fall we anticipated the fact that many would be unable to complete their plantings in early spring. To make material available for planting right through until June 15, quantities of perennials were specially prepared in pots then and developed through the winter. They are now rugged plants that will transport with complete safety and will grow with complete success after they are planted. You can look forward to maximum results from them in this first season. Don't let this opportunity to fill your planting schedule get by. ORDER NOW.

Have you lacked the time to plant everything you had in mind?
Are there some items you have overlooked?

THEN DON'T FAIL TO GIVE THESE YOUR
CONSIDERATION NOW!!

cash discounts

2% up to \$10.00; 5% from \$10.00 to \$25.00; 7% on \$25.00 or more.
